Prasadi Academy

Manbhawan, Lalitpur Jul, 2020 - Jul, 2022

BSC (HONS) IN COMPUTER SCIENCE AND SOFTWARE ENGINEERING

Patan College For Professional Studies

Kupondole, Lalitpur / Jan, 2023 - Present
2nd year student in Software Engineering

SUMMARY

A passionate, highly skilled software developer with hands-on experience in developing different applications. Proficient in a variety of programming languages and frameworks like Java, Python, JavaScript, and React. Strong background in full-stack development with a special focus on the development of efficient and user-friendly systems. Proven experience working on complex projects like hotel booking systems, taxi booking systems, and image classification using machine learning. Currently pursuing BSc (Hons) in Computer Science and Software Engineering.

EXPERIENCE

Junior Software Developer

PCPS College • 16th Jun 2024 - 16th Aug 2024

- Collaborate with cross-functional teams to identify and prioritize features and requirements
- Develop projects based on the client's requirements.
- Develop and execute unit tests and perform system testing to ensure software quality

PROJECTS

Library Management System

- Created a full-stack library management system with a **React** and **Tailwind CSS** frontend and a **Laravel MySQL** backend. The system includes functionalities for cataloging books, managing checkouts, and tracking library resources efficiently.

PCSP College Website

- Part of the team to recreate the front-end of official website of PCPS College.
- Use of **HTML, CSS, JS**.

Futsal Booking System

- Simple and attractive design.
- Easy register and login option.
- Quick court booking option.
- Use of **React JS, Tailwind CSS** for frontend, **Node JS and Express** for backend development, and MongoDB for the database.
